

Books available from Bob Rumpf, 3/29/12

Note: It is important to me that it is understood I do not make a profit on the casting books I gather for the groups. I do extensive book searches everyday as part of my angling books business, and I just pick up these casting books at the most reasonable prices along the way while doing these searches. The prices shown are what I paid for the books rounded off to the nearest dollar. The books are available on a first come, first served basis.

I have only been able to find one copy of **Bruce's book**. I had to pay entirely too much for it at \$109.00 (postage included), but considering dealers are asking up to a ridiculous \$1000.00 for this little gem, I bought it hoping someone wants it badly enough to pay as much as I did. So I have one copy of "Modern Fly Lines" available at \$109.00 plus Media Mail postage of about \$3.00. First one to contact me gets the book.

Also, Peter Morse one of our very active and popular Australian MCIs, has written a terrific book "A Few Great Flies". I have a copy and very much enjoyed the content. The book is well-illustrated and super informative. The book retails for \$45.00, but Peter has graciously offered to let group members purchase them at only \$30.00.
